

CONVERSATIONS

DISCUSSION FOR
ENQUIRING MINDS

An open invitation to anyone aged 18-30.

What is Justice? How important is Justice in our lives? And how do we decide what is Just for us - now in 2023?

Time: 2pm Saturday 2nd December 2023

Venue: CERES Multicultural Classroom
Corner of Roberts and Stewart Streets,
Brunswick East, Vic 3057.

In this conversation we will be asking such questions as, 'Is a happy life a Just life?' 'What might an appropriate reaction to injustice look like?' 'And can something be acceptable but unjust?' As a starting point we will refer to Plato's 'Form of the Good' and if necessary reference other writers on the subject.

'Conversations' aims to create a space where ideas can be shared in a safe and encouraging environment. Somewhere to bring questions and concepts to discuss with others face to face. As well as discussing topics of immediate relevance to ourselves and those around us we will practice the art of dialectic conversation.
